

# MOBILE CHIROPRACTIC?

I have my office in La Mirada, but I realized that some people just can't get in...

Suggested chiropractic/massage events:

- Karate/Yoga Studios
- Sports teams
- Small businesses: (Real Estate offices, Beauty Salons)
- Large companies
- Health conscious organizations
- Churches
- Senior centers
- Health clubs/Exercise Facilities/Gyms
- Construction Sites
- Private Parties
- Schools/Teacher's Lounges
- Employee Lounges

If you're a business owner/boss /supervisor and want to give your employees an added benefit, give us a call.

If you're an employee, just ask your co-workers and if there are enough people, ask for permission, then call us.

**Chiropractic at your jobsite or location.**

## HOW DOES IT WORK?

Find out more at [www.DrTChiro.com/mobilechiro.html](http://www.DrTChiro.com/mobilechiro.html)

1. We need a space at least 5' x 6' to have a portable table, and a nearby outlet.
2. Permission from the owner/supervisor/host (the owner, or supervisor gets free treatment or can designate who gets 1 free treatment).
3. Fill out our online patient intake sheet. (one for everyone who is going to be seen, this speeds up the process..)
4. Fax us the sign up sheet with who is going to be seen.

**It's easy to schedule an event.**

You can still be seen, even if you didn't sign up if there are still available spots. We need a minimum of 6 people.

5. Let us know where and when to be there.

Ideally, we should be in and out in under an hour, unless >10 people are scheduled, or more time is requested, so we don't disrupt your schedule, or ours.

## WHAT DOES THIS COST?

6-10 people—\$40/person.

11-20 people \$35/person.

20+ Call, or visit our website.

2 hrs. as many people as we can fit in 2 hrs. \$500,

Additional hrs. \$200/hr.

\*This is a significant savings from in-office visits, but since there is lower overhead, etc., I pass the savings on.

\*Chair massage therapists \$1/min, let us know how many therapists you want. (10 min intervals)

## HOW IS IT DIFFERENT THAN IF I COME TO YOUR OFFICE?

1. **Chiropractic and Chair Massage:** The therapy we use is in-office designed to prepare the body to be adjusted. While off site, we may have chair massage therapists, if requested,

**Chair massage available, by request.**

but not multiple modalities like we would have in-office.

2. **Quick Adjustment—**A tune up. For more complex problems, that may take multiple visits, or could use some additional in-office therapy, we should see you at our office. **We can always come back to your site if we are asked to.**

3. **No Insurance:** At our office, if you have insurance coverage, we can bill it there, but while off-site, unfortunately, we are unable to bill insurance. When we are mobile, **we take cash, checks, credit cards, debit cards, and PayPal.** If you would like us to check your insurance to see if you are able to use it at our office, contact us or have us verify your insurance at [www.DrTChiro.com](http://www.DrTChiro.com).
4. **Free Consultation:** We offer a FREE consultation at our office, or by phone, to talk about how we can help you.

## HOW DID I COME UP WITH THIS IDEA?

During family get-togethers when I spend time with my extended family, before I leave, a few people will ask, "Can you give me a quick adjustment?" That can end up being about 10 to 15 people in about an hour with about 5-10 minutes per family member. I've used chairs, couches, the floor, being as creative as I needed to treat my family, then I thought "Why don't I just bring a portable table and take this idea on the road?" That's how this idea was born. The technology is now available to be mobile just about anywhere, so why not with chiropractic?

For more information,  
go to our website:
